## Key statistics

There were 2,517,900 public sector employees in the month of June 2024 comprising:

- 365,400 employees in Commonwealth government (including defence force personnel);
- 1,939,100 in State government; and
- 213,500 in Local government.

Total public sector cash wages and salaries in 2023-24 was \$232,136.6 million.

## Sector estimates

The highest quality public sector employment and jobs information is available in the [Public sector employment and earnings \(/statistics/labour/employment-and-unemployment/public-sector-employment-and-earnings/latest-release\)](#) and [Labour Account Australia \(/statistics/labour/labour-accounts/labour-account-australia/latest-release\)](#) releases. The ABS is reviewing sector estimates in detailed Labour Force statistics, which are subject to inherent limitations and should be used with caution.

## Coverage

Although earnings estimates relate to the full twelve months of the financial year, employment estimates relate to the month of June in the given year. Given these differences, the ABS does not recommend using these components together to calculate average earnings.
